

## **Commitment to the UK Stewardship Code**

Mbuyu Capital Partners Ltd (MCP) is a UK based investment company which specialises in making investments in Africa. A part of the work carried out is to provide a discretionary management investment service to a UK company.

COBS 2.2.3R of the FCA Handbook requires MCP to include on this website a disclosure about the nature of its commitment to the UK Financial Reporting Council's Stewardship Code (FRSC). This is a voluntary code and sets out a number of principles. The code aims to promote high standards of corporate governance and reporting and to enhance the engagement with investors and the companies they invest in.

MCP supports the principles underlying the Code and believes firmly in the importance of Corporate governance driven by strong boards and executive leadership. We believe that the building of strong relationships with the boards and management teams of investee companies and the regular monitoring and reporting of their performance is key to enhancing the long-term value of our clients' investments. Sustainable investing is key to our corporate strategy. Companies with sustainable business practices have a competitive advantage. We always strive to serve our clients' interests to the best of our capabilities.

MCP supports the objectives that underpin the Code, the Firm has chosen not to commit to the Code. MCP maintains a regular reporting schedule with clients and a consistent approach to engagement in all jurisdictions in which we invest and therefore we do not consider it appropriate to commit to this voluntary code of practice. If you would like more information please read our Responsible Investment Policy.
